GUIDE

WHAT IS GOOD OR BAD FOR THE ENVIRONMENT?

reusable container

something green

item to recycle

item of nature

nature/animal book

item from the arctic

plastic bottle

straw

litter

plastic fork/spoon

battery

unrecyclable item

Everything in green are items that are good for the environment and things that we want to have more of or use more of in our daily lives. The items in red are more hazardous for our environment. We should be aware of their uses and try to avoid them if possible.
